Level 2

Award in Improving the Public's Health

This qualification will give learners an overview of the key health and wellbeing principles and how they can be applied to public health improvement.

WHO NEEDS THIS QUALIFICATION?

- Individuals working in 'blue light' services including Fire and Rescue, the Police and Paramedics
- Community development workers
- Health champions
- Educational service workers including teachers and childcare staff
- Occupational and workplace health professionals

WHY RSPH?

RSPH is the UK's leading independent OFQUAL regulated awarding body for public health qualifications.

HOW IS THIS QUALIFICATION ASSESSED?

Candidates will be assessed by a multiple-choice examination, the completion of learner workbooks, and a portfolio of evidence.

WHAT DOES THIS QUALIFICATION COVER?

- Health and wellbeing inequalities and how they are caused
- Ways to effectively communicate health messages to the public
- What the barriers to communicating health messages are and how to overcome them
- The positive and negative influences of lifestyle choices on our health and wellbeing
- How to approach promoting healthy lifestyles to the public
- How individuals can be encouraged to make positive changes to their health
