

Hello

**2018/19 grant eligible training details now available.**

A full list of grant eligible training for 2018/19 is now available.

You can also see information about the revised Grants Scheme.

Our grants support training that is focused on the core construction skills needed across the industry. This includes:

### **Apprenticeships**

At all levels, including Higher Apprenticeships, to increase new talent within the industry

### **Qualifications**

At all levels, including support for higher qualifications

### **Short duration training**

For all workers to industry agreed standards, making their skills more transferable between employers.

See [citb.co.uk/grant](http://citb.co.uk/grant) for full details.

**Make sure your training providers know about these changes.**

If you have preferred training providers that you would like to continue to use for grant eligible training, encourage them to become a CITB Approved Training Organisation (ATO).

If your company has an in-house training service, consider becoming an ATO to ensure that you can continue to claim grant.

In future, training through an ATO will enable automated grant payments.

**More information about becoming an ATO can be found at [citb.co.uk/onboarding](http://citb.co.uk/onboarding)**

### **Stay up to date with CITB**

To get the latest from CITB and find out how we can help you, make sure we've got your up to date contact details.
